

Can I use Rottingdean nets in the week?

Junior cricket members are permitted to use Net 3 (padlock Code xxx and press bottom button HARD) when they are not in use by adults either in the week or at weekends.

There are however strict conditions for their use which are:

- a responsible parent must be present at all times to supervise the session
- bookings are for 1 hour only
- use of Net 3 may be extended beyond 1 hour if no booking has been made for Net 3 and no other members wish to use Net 3
- only Junior members who have paid their current year annual subscription may use the facility
- the code should be kept secure and not be passed to others
- Net 3 must be locked and properly secured when finished
- no litter including cans, bottles, or paper should be left on the ground.

This facility will be withdrawn from members if these conditions are not adhered to.

To book Net 3 for 1 hour online
